GREAT place to purchase Italian women and make snuff videos.

Oct.16,2024 new york city

So I was checking out the country of belize for a tourist destination or possible strike point against persia and and other carribean slave trader governments.
After inspection of their tourist destinations I have determined that their more like way points for drug trafficing, himan trafficing , weapons trafficing and anything else the king of Belgium and their drug lords in bruxells dream up. " it's good to b the king." .
It also has a great Shanti town where one can even purchase slave direct. How convenient. Why introduce swiss trading platforms in international waters off the coasts of large citys globally when u can fuck monkeys and stage war against americans in the fucki g swamp . That would be way too white for the new age jew nigger swiss and belgian persons. Never listen to st johns industry and always let the genocidal spiks jews hindis and the companies other enemies use everything of st johns men on themselves. What a pack of jew niggers from the desserts asscrack. And u mung cattle make it all fucking possible here in the retaarded USA. Goooooo jew nigggers yaayy!!!
Great job in Switzerland again jews and hodgies sandniggers [crossmixed indian sickos] insisting on being there like Einstein with his parent office theft in Switzerland. What genocidal indians the swisse jews are.

and the little fuck pigmiaes like mu jew nigger mother from the jungles of Central and South America. Now go rusdia and back with these yukranian pug fucks their such sicko hostel people mixed in and persian drug lords wthat enslave oyr women. Nigger jew persian staging grounds with thr orientals . Persians man!!!

Meditation:

Do u think tje belize spider monkeys have orgys with sean penn and his nigger njew mother?.

==========$==========$$$=Oct.15,2024newyorkcity

TSean Penn is one sick genocide fuck. He looks like the zellen sky,$ cousin. They are both slave traders and they are from the sane jew bitches that are in a ton of our treasury depth around the world. They look a little like

Einstein the swiss patent office thief. The little genocidal jews with the crooked noses. They look whiteish but their kaballah is like backwoods nigger shit. I guess that's what we get for letting indians like the jews off of reservations and into Europe to kill us off.
Now that the black president of Haiti was shot through his heart his drug trade for his black people to eat with in Haiti is gone and the green skinned dark indians with ,,as I like to call her , Haitian nigger Clara, which sounds r racist than it is considering its a white bitch crossbred to look. Like them and is a slave trader colony grown up from us tax payer dollars. Could it be?

Meditation:
Did the cocain in miami/south florida become more kerosene tasting and speedy with more aggression while tooted up and more depresses after. It's the cia shit up through Mexico that now the Haitian president lost his lines to I would think . Now it's LA celebrity's who kill us for the hodgie nigfer caste system that make that money I miami with jew faggot Sean Penn. I bet he's one of these retarded snuff people like the Zellen Skyy and his hostle bunch of ss wannabeez . Always blaming the germans these lowlife murdering gypsies do. I tried that stuff a few times when I lived in LA it's terrible compared to the Miami Cuba haiti connection, night n day. Very disappointed as a moonlighting recreational user.
Could it be?
How much industry can I make with legal cuts for cocaine? Detox, wellness, camomile calm cut, maybe add lanocaine who knows where these phepherminz may wind up next , should I add nasal snuff to the party cocaine cut? How will Joe covello , robwrt pate and the rest of the jew niggers killing of europeans steal this from electrolips LLC and look like they have a fucking brain between all of the retarded sex predator carnies. Could it b?

OCT.15,2024 NEW YORK CITY

The planet is a giant dung incinerator and gravity machine for shitt dwelling retarded cattle people and plants.

How many fat nasty white whores in the social system force refugees to fuck them to stay in the country?

I think th4 germans in Missouri are going to be attacked by mexican jews over the next 25 years till all my cousins in the usa are genocided off. Very sick people in this country now. Many zion jews. Very very bad place now and very open spaces in n America. Need this fucking patent money to go through so I can go slave mine hunting and kill you fucking fudge sack imbred americans.

Did you know so the spiks and superspiks can get more aid from the USA there are now 27 countries in North America all genociding white , black , and Orientals in the usa Canada and targets the inuit now in Greenland. These sickos are stealing these people and forcing them to slave mine and God knows what else under those rich Magma mountains in the cold fucking northern Canada.   How did so many countries join North America. Must be easier for these slave trader countries in the Carribean with the afro indie slave traders to move the slaves through the America's unchecked as cargo or passengers maybe.   Also they can collect their benefits from ebt and cash assistance in every state from Texas through to Canadian slave mines and slave factories. Canada 40 million french canadian pretentious wannabee royalties, plus their gdp = huge slave trade with the spiks and the nor- diks.
Still trying to find a really good nigger word for us white pieces of nigger shit that we are intrinsically. I think nigger still fits best for white people too. I think once these nigger motherfuckers understand that the nigger has no boundaries in genetics and pops its nigger head in even the whitest places. The nigger is the mindset not the genetics. So I'm going with nigger still for these honkey nigger fucks till someone come up with something better for these honkey nigger motherfucking white people.

Dung incineration and gravity fabrication, stop with the oil removal from the gravity machine called earth. Your a dung dwelling squishy shit filled clam thing with semi hard bone shit, in a very old universe.

If I'm dead from these jew colombos and their snuff fantasies remember ,

If a superstore comes together like in the movies and starts to flash an iceage ,which is very possible with the past ten years weather changes. Remember to double or triple nuke the storm and stop it from flashing an ice age.

Do not leave one woman responsible for this if you want your human species to survive what these retarded indians have planned intentionally causing an ice age and living on the equator areas they now control due to the us. Military killing everyone for the Indian caste system since the mass genocide on European people known as ww1 and

ww2.
Remember triple nuke the superstore maybe quad nuke it to bring up the temperature before the cycle begins and it kills all the gardens almost immediately .

MEDITATION:
This is now a global issue with all these new people in the usa. Does anyone know how to make natural cheerios taste good?
How can I adjust my floating, ..bland .. uneventful... cheerios?

Because after ww2 the war surplus board sold off our entire steel industry , patents ,military surplus, and our intelligence to Mr jain and other groups from the caste system. Also 170 airports were sold by the war surplus board in 1946 and a ton of businesses owned by the NSA on all these different airports. I hope the indians find the backstabbers that are overmining and under mining them.

I can not find real footage of the yukraine war maybe my media is unavailable, I don't understand with all the technologies and cameras and spy equipment t and satellites why can't we get more footage than just a tank blowing up with a drone and a tied up body being ejected from the tank when the entire turret was removed from the tank with one drone. Very frustrating . Hopefully whatever is going on its nice to see bremmen germany being shut down from supplying more weapons to the yukraine for their genocide on germans and europeans for more sand niggers and indians to take more land and genocide us more as white European people. Slave trade capture places .

Oct 13 , 2024 new york city.

How are these creep show bodegas and weed shops and the like aloud to lock people in tjier store magnetically. That's very illegal. You should have to be inside a mall or something in a diamond shop or bank with a vault to be able to do that to people. With all the slave trading afro indie caste system from france coming into the usa with their fake ametican accents. These are slave trading arabs that u think r Puerto Rican and the Caribbean is all slave traders pretending their governments. U people r retarded. These are very cross mixed cross patched people , most if them. They look sort of like the celebritys on Conan Obrien with the mix matched faces from celebrity baby unions. But now celebrity's are crosspatched genetic messes to empower the illegal caste system and their loser relatives from getting handouts in Hollywood with the jews and the rest of the indian caste systems there with joy Bayhar and the zionists who murder for money and land and genetics. Isn't joy Bayhar from a east Russian group that us wanted dead and had to leave Russia? Didn't help people act as SS and holocaust prison guards in women's concentration camps . Isn't that a genocidal neander in all our affairs committing genocide on freedom americans and sending everyone's money to the jews and other triangle caste system people. Very illegal to do to me joy.very bad again joy. I told them in eusdia I found u assholes already. They forgot who u people were at first.

I'm pretty sure these r some of the old genome from 300 years ago or so out in rusdia torturing Roman decendants out there.

Still stranded sleeping on the streets. Have to wait 3 more months to get my passport to go back home to europe. Can not find a lawyer to help me with this jihadist attack or the hindreds of patents and power generators these jews and niggers in government are stealing g fromme with my biological jew nigger mixed family in the colombo crime family and Mar a lago.. such nigger shit in government since women started voting

This city is such a scam. All the Italian owned garbage companies are gone in place of afro indie caste system owned carting companies with roots in french afro indie Canada. Kill the mafia and place in organized crime for global royalty and leave the people of America defenseless from the caste system. Mafia is enemy of caste system. Where did you get those vibrant tropical green and tropical blue eyes, the europeans have cool pigments and tones not these bright tropical ones all the neanderjews pretending their austrian or swiss have. These r outlanders not from Deutschland. Most r decent people , most don't even understand this, some do , they r part of the problem . How did Zuckerberg the jew get those swiss. Genetics? Did his family help murder my family in eu too?

My biological sister from my mixed family is one of these donkey ass indian mixes. The little genocidal pig has tons of meaty neanderthals in Germany now but she is mixed with the long strait nosed dark brown indies people [jew] that were holocaust and ss outlanders that were hired by either nazis [european royal family] or other ss members and whom have not been attended to by the wartime crimes commission, most likely because their jews too. Very bad people . Now funded cartels after killed Pablo. Cali columbia, Hollywood owns cocaine farms, these r the ones that murdered the euros and mixed peaceful people of Europe through ww1 and ww2 , these r the ones that snuck off BACK to the America's. I have been profiled by the secret service since i was around five years old when Ronald Regan and George Bush would frequent my grandfather's catering hall in nyc for iver 2 decades. What a sick piece of doghit country the usa is I can't believe i have to be in this country with all these sick genocidal jews and hindis and other indians that have Bern committing genocide on white people since Troy and Athens and probably before. A lot of these neander jews and hodgies coming up from Columbia and South America are holocaust guards families who built the cartels off our deaths here and in ww2 and a bunch of sickos indians are now federal redcoat judges committing crime on americans daily and treason. Judge Tse, judge Cannon, judge rheinhart all of miami federal indian genocide judges for caste system hierarchy. These are the same judges covering up a jihadist attack on me and theft of trillions of dollars I american and eu profits from 19 power generator designs levitating coils on magnets and turn all day creating energy from magnetic levitation and magnetic motions. 19 utility design patents to put these fucking jews and hodgies out of business in our society finally by ending mainstream oil and gas. All stolen by these disgusting jew indians jew neanderthals hindis and other indies nationalists to imprison white people for the caste system hierarchy. And you filthy americans let these badtards comitt more genocide on us . These kill off mainstram oil and toxic life and these filthy jews and hodgies kill everyone to propegate. Fuck u americans for letting tjis hapoen, fuck you ameticans for covering up for these lowlives headed up by the afro indie caste system. Low life, low life, Neanderthal pieces of shit.

And the little faget Elon Musk.

Who won't stop stalking me. With the rest of the faggots.

So now,

My files won't be saved. I can't like I I write with my Phone. And now I can't save my stuff. I can't timestamp. My website electroline. It won't timestamp anymore when I go to tsa.org for the free timestamps . It gives me a a website when I put in electrolytes that online, it gives me. A free tsa.org timestamp from their website. If it gives me anything at all. None of my browsers work anymore. All my apps are a hacked. Now.

Like I said, the fucking niggars and the Jews and government keep doing this. Now, they keep stealing more patents

from me. These Pig, fuck American cocksuckers with their foreign royalty, fucking faget ass puppets that they're for. I mean,

I mean, the, the American workers and the government that are betraying all of us, those are the foreigners ass puppets.

So now I can't do any of this. I can't get in touch with anyone. My phone's won't go through the lawyers. I called they don't get back to me. This is now about 800 lawyers. In ten years time homeless in the streets if Europe and the usa.

I have to go to the police again tomorrow.

With a bunch of evidence. So I guess the faggots are going to try and steal my backpack tonight.

So many fucking faggots in in government. All these niggas and and Indians and hindis that are in it too. They're the same Jews in Hindi and Africans or whatever the fuck they are that are mixed into my family doing crimes to us here and in Europe.

Is US. Government is so fucked up with all these tribal, third world, fucking moron sickos in it. It's the sickest Nation on Earth. They hate Americans around the world, and so do. I and it's not even us, it's all these fucking freaks that keep running in here, saying how terrible we are And they're the nastiest motherfukers on Earth. Whenever you need something, then never there there. I mean, sometimes like maybe some of them. But they're just such nasty motherfukers. Most of these people, they hate us. They hate freedom.

They've been living off their South American fucking cities off our treasuries. They killed US foreign World War II.

With the French and whoever the fuk else with the SS and all the cartels down there now,

There's such low life low life pieces of shit in this government. It's not even funny. Copacabana to the beach on the east. The highway of the suburbs where our treasuries built. The treasuries that the germans and british and europeans built long times ago. How did Rio have money to make so many people and Sao pao and many other small villages that became heavily populated. Where did they get the money for all these first world cities from the Rio grand to Machu pitchu . How do they afford the concrete alone? Could these be linked to the Cali cartel in cali columbia and the SS and holocaust women's guards that live there now? Could it be linked to the french who own Mexico with the morocans since the mid 1800s after France stole Alsace and 2 million tons of precious metals from Germany. That was after france attacked switzerland in 1792 and drained their treasuries as they took occupation there unwanted with the jews killing our people to steal our land there. These columbians now are mixed with the adia minir , eurasian and eastern rusdian genetics. Thats ehy they are getting bigfer fast. They are normally much smaller due to them being from a different evolutionary point in time when they lost their tails from their monkey variety , and are now thrust into the future geneticly , scientificly and socialy through advanced rapes and genocide on white people they syole from europe at the end of ww2. When switzerland and the usa lost together.

Thoughts on bullshit from indians on our lands in EU and USA

In econo.ic warfare one party or more occupy a countries capitol and some major citys feel the presence. In genocide the foreigners are in every part of your land and government. In economic warfare u know your losing because you have to see their dumb faces in the capitol and some citys. In genocide they move into neighborhoods and comitt every type if crime on a society. In economic warfare the occupying parties do not get involved in social aspects of the economicly depressed. In genocide u have slave trade and constant snuff video production. In economic warfare their is not constant rape and murder of other monkeys women. That's more longshanks and the hodgie machine from the vatixan breeding people out of extinction , that's genocide not melding,not economic warfare,bu t genocide. And when this many countries of indies nationalists get together and target the usa and eu its mass genocide or Jihad. Now watch the cattle chew the grass......

Their happy its not them getting eaten over there..... gratitude in cattle.

Cut your yard down so their plenty of green grass cattle. Don't forget to get rid of the small trees , their hard to see and easy to get wedged between. Tricky little fellas.

These indians [jews inclusive] are the most violent sickos on the earth. These dumb fuck don't even know how to cultivate land , everything here sucks except what we change to send to europe. Enjoy the delusions of your Seinfeld quoting con artist Co workers attempting to look as if they possess a human personality and not that of a north American unevolved neanderthal or caveperson from Canada or sicko indian from the indies that has no clue where it's indigenous too because it's such a violent transient retarded species of humanoid primate mamal virus.

One of the beauties of America is that I do not have to hate someone or dislike someone from a distance. No here , not in america. In america we have the ability to sit down next to crossbred indians we think are white , the same cross mixed people killing our relatives from europe south america around the world and in europe. In most countries around the world this would not be possible. But thanks to ww2 Vietnam and Korea so many of our white people were slaughtered by these indies people that we don't even notice these aren't white people next to us. Very great country that let's these nigfers and hodgies divide and genocide us globally. Great experienza one might say. also the vatican and their vaticathia and their big pineal fucked us so hard with these hindis its not even funny, through the dark ages.

It's very interesting to say the least, to see in the usa , the same women that rob all of us american me constantly wearing t-shirts, jeans and worn out clothes or underpants [compression pants]and socks without their pants on. This is to make the guys think that's normal , but in fact is the women that are robbing us making fashion out of undergarments because the americans can not afford real clothing first world and modern. So the fashion industry owned by the jews aand other indians do not release real new age fabric and material and fashion because the american who get robbed of trillions of dollars per year can not afford real modern clothes made by us swiss italians or chinese or Japanese or american descendants that have been murdered off time and again by indies /indian marauders.so what inevitable happens is the indians that killed and murdered the swiss from the swiss patent office for the math to nuke the Japanese now have all our money and we can't afford to make clothes with modern technologies of our peoples that most of us don't even know about. It's horrible since the usa and Switzerland lost ww2. and we lost our treasuries in south and central americas.

In being if our DNA construction comprises blueprints of various liforms leading up to the grand moron known as people our monkey or our various primates would comprise the first foremost [most recognizable as well] fitted part to our DNA composition and our look of man.

The universes different maker. We all share a part on many levels of the different maker , what may seem mundane and arbitrary turns out to be expidicios on another dimensional plane of time frame experience and perception of the reader in comparison to a fast tick animal like a hummingbird and some lizards and Flys as well as most ants seem to live in various time frame perception in the same timeline. How an atom would spin x ammount of time per half second to the ammount the entire solar system Spins in a half a second or how many Spins occupy a galaxy spinning in the same length of time. How long would it take for the planet to experience the same ammount of Spins as the electron? That's the time frame perception as witnessed by astrophysics and its parts as well as atomic physics . The galaxy sees the half second different than the solar system different than the atom all in the same time have very different experiences . These are basics of the galaxy. Where next can he shove his ingrate overbirthing indians into Europe ? Who will they end in next to fight so another genocidal indian family can be had on European land. Hopefully we can get some nordic soldiers in , once their dead we can set up more illegal mining in their country. Hopeful he scratches his groin area and passes gas. Mexicans bully old people in food lines and take everything

Never grateful malways little shits when they own others businesses.

Who do these little fucks think they are?

How are they consistently so nasty to white people. These are descendantsof sri Lanka and the indies why ate they in the usa

The mexican military and France slave trade simunk tons of american battleships and other weapon ized vehicles as target boats through the 70s 80s and 99s now we have no real military and hmneed to get permission from hodgies to bomb hidgies and other mixicans.

Mexican military as mexican mafia, Mexican military as American workers, Mexican military as shop owners. The Mexican military gas been targeting American citizens through many private and government routes. These are thousands of acts of wR being committed on americans by the caste system daily now including mass slave trade and genocide. When will the american and European militaries attack these foreign militaries that are posed as civilians and committing genocide on americans. Shouldn't the Mexicans go cmback to sri Lanka where they are from. Or Burma or some shit

With the liss of the Italian mafia of white guys and left with mostly crossbred or full indies people including white jew indians has nitmw left easy pickings for the Mexicans hodgies and their cousins on the white people and white italians . Does the Italian populous and other white European populous need to take matters with this Mexican military in our neighborhoods and their kids in our schools here in the usa and in Italy france Spain Belgium and other European countries where these little faggots cause problems for european anericans and European people. These are very sick indies people called Mexicans they are just like their cousins the sandniggers in europe that abuse the elderly for their food any chance they get and kill them off for their resources for hundreds of years. Now since we were slaughtered in ww2 Vietnam and Korea we have so many lowlife Mexicans here committing crime on us of genocide and slavery.

Mexico genocides freedom usa for Indies caste system.

Spain has been having trouble with indians since the days of John carrouge[yes french i kn0w} and before that since tokamata the grand cross bred inquisition. Could these problems be coming from Brazil through Spain and now dumping into France and the rest of western Europe for the past 20 years ? Could it be? Could bevhillsbelair somehow be involved in global espionage with the persian indians? Could it be?
Could that be who's been backing the cartels since ww2 ended and using the swiss treasuries[if they existed] in s america and to birth huge populations down in the preserves.

More taxes in the usa then most countries with a king and no one to look out for you.

Sales tax =8-30 percent.
Income tax =15-34 percent
Realestate/rent tax = circa 10-30% of take home money [husing 5 - 10 x inf|attttedd]
Utilities = tax unlimited
Insurance = health tax
Car payments = more tax
More than most countries on earth . That's so insane, it's the complete opposite of freedom. And the usa is globally inflated on average 6 times more than the rest of the world in comparison to goods and service availability and quality of life. The rich can afford it in any country , it's called caste system , it's illegal in the usa and europe. 8 percent payment over 30 years on a 600K home that's really worth 100k globally.
Does anyone want to buy a bridge?

Where are the treasuries to back these 50 dollar an hour paychecks for cleaners? Globally speaking nyc and america do not make sense. This should crash on the usa with the target ship navy any day now , and leave the americans with pistols and conversion kits for their ar15s . When the belt cracks.

Indian police arrest american for drugs in america that their mothers country smuggles into America. How retarded. And us americans have to pay for this through our entire lives.

Communal growth.
Could our each end every evolved primate species called races of humans pineal glands frequency be set to each other in a monkeys same race or species [monkey frequency] , could this be what we commonly call genetic memory , or genetic memory assistance, where along the subspace lines of qbit communication each of our various evolved monkey species keeps memories unknown to the monkey species consciousness. Could it be this genetic memories are saved through time in quantum space in our monkey brains evolved.
Do indians and other less evolved races of people know this already considering they all worship their monkeys and still share communities with them [they are not seperate yet.]
Could it be due to them crossmixing with europeans they have a connection with their monkey in subspace and now europeans they have access to their pineal frequencies. Could it be?
Have europeans who have not had to crossmix with others , who have communicated with speech and technologies for dozens of eons who have lost touch with the monkeys and other varieties of primates their evolved from lost their pineal communication with these creatures as opposed to new evolved races of people who cross mix to future jump evolve. Is this too much for people crossmix. ? N ?

Does indias control over Italy allow tons of what are known now as yukranians [russiancrossbred indies people genocide)to enter the usa before and after ww2 allowing them to infiltrate our communities and govetnme t in the usa since then. Is that why indias and Italy and Mexico flags r the same color because the Hindus control Italy since before ww2? Is this more indies scams like the "Bom Jesus" gold ships and hundreds like it? These Russian rejects that have been telling everyone they are germans and irish and italians , these neanders , these ones have been infiltrating all 6 ex Yugoslavia nations since they were destroyed during the Balkan war. These people who are the same as the lying yukranians on Staten Island and the colombo family people are causing the same food price swings the jews innitiated before ww2 started. These lowlives need to be tried in court the ones on Staten Island were busy as secretary's for decades destroying the industrialists machine the immigration department, the social system and stealing all our education while them and the other crossbred afro indies did the same for the caste system. These are the rusdians on the run from the people and their little midget afterbirths. That's consistent rape by these unevolved primate indians if the woman and her family are never told this it's rape. Over and over rape on other evolved primates. These people need to die all over the world for this genocide.

When indies and indians move into a society it is not to live within their means have no growth in population and coexist , what instead happens is these unevolved pieces of shit insist on gaining control of all our government positions from president to social workers and everything in between while they rape and kill our women and now torture and kill Americans in the foreign owned prison system designed to torment real freedom americans and the families that fought these foreign prison owners families. Are you white people retarded now? They are invader monkeys from other varieties of monkeys committing genocide on all our countries.

As indians and arabs use attacking eurooeans , africans and Orientals as a bonding agent to cease the fighting within the various primate composition emobodieng th Indian/indies/arab conjoined world.  Hollywood and Southern california in general may be a caste system considering people out there can blackball someone from an entire industry and in fact blackball a person from finding any employment at all. The foreign run elitist clubs seem to have invaded all our affairs , it seems we do so well it attracts celebs far and wide. But what happens when everyone has gotten too comfortable with the americans places in their own cities. Does that leave too much room for error when all these seats in citys and remotely are being used by mostly the vein as well by the ones who are utterly bored of their homeland. In doing so has a place that hunts down and kills slave traders on our land been replaced by someone unwittingly? Has the unwitting twit blasted anyone in their fucking heads ? Do they at least electrocute people after pickleball? What hapoened to freedom? Where the fuck are my car keys? Did I remember the tampons?

If you notice globally the cost of rent in nyc compared to the rents around the world through the 1980s u can see how the usa and a few other countries priced out their own citizens from moving to New york city and the |ike, and reserved it for only the global rich people. The rent increases in nyc through the 1980s were very illegal and designed to keep people from all over the usa from having their wishes of moving to nyc or the like american city crushed to the point most americans hate nyc now. And u dumb bastardsy that have been here for generations now and still don't know how to pay the rent I'm your boroughs got beat so fucking bad like all the supposed freedoms the paid off police instilled in americans. Now these writings are mostly read by freedoms enemy's working in untiredstates government due to most american being cross bred and murdered off over the past 300 years or so. Robbed by the Jews in Geneva again was the obvious response of the swiss descendant residing in the USA.

How many times can the Jew nigger whores that initiated the holocaust rob inventor John pate and Electrolips LLC?

Yesterday inventor and owner of electrolios LLC received word that his 2400 swiss francs he managed to scrounge together in the usa was not enough money. They also noted that the power generator he invented levitating on stationary magnets which makes more piwer out then in and his analog ow voltage carousel which reliably turns the energy generator were disqualified from lack of the additional 1000 swiss francs needed so no one has to breath in car fumes and have nuclear rods in their neighborhoods and water supplies poisoning all of us. These lowlife jew twats have the nerve to let that design and 18 other designs be stolen intentionally so the oil business can keep gassing all the freedom people in the usa and eu fir the caste system. This is such a disgrace to switzerland and the ICC refuses to investigate the sand niggers and jews and other indies groups like them to continue committing genocide on us and continuously steal inventions and business models from John pate and electrolips LLC to hurt freedom more with these crossbred mutants in our government positions. This is so bad since switzerland and the usa lost WW2.

Some of the buildings are nice most of the newer ones are glass over rusted I rails used in 1700s construction. The good metals go to India. Most of the glass used in the towers is subgrade and even when the building is made kinda strait and the curtain wall is kinda strait the layers of glass are soo poor that you can see the quality of construction and parts in the wobbly shit look reflections. These people are retarded my buildings would have paneling that moves to reflect sun to heat my company swimming lake or pool. I would have enclosed sundeck in my vuildings with solar accelerated spaces using lenses and reflective surfaces. Yes it's true with all your money you people are retarded. Lol a chain link fence their neighbor in new jersey installed on the roof. Lololol. And a bunch of the buildings here that look really tall from the pictures when your near them look like they were accordion pressed down to make the arab indians and itherindians look like they have bigger dicks. Covid commute

Sept.4,2024

While americans are spending up to 4 hours a day commuting to and from work due to the country being developed to pay jews and arabs and other global caste system members oil money , the rest of the world spends their mornings with their families and afterward having drinks and tapas. I feel terrible for them in their covid capsule commute and radio day brainwashing of how free and great they are. And never forget the tampons.

, it seems as if you received Indian scam treasuries out here in the USA with your families getting killed off in ww2 Vietnam Korea and other genocide moves, It seems n0w as if s0me 0f these same people do whatever they want with you kids vaginas and body's. It's very bad with these sicko unevolved primates in our governments with our own sick white leaders t0 w0rry ab0ut.

So anyway for the abused white chics in america, globally your a piece of abused meat walking around barefoot and homeless and a real outfit for the daily will cost you between 6 10 thousand us dollars. And at least 2500 dollars for a modern material properly made sweat suit outfit. Which should cost us [before the big cocaine party on walkstreet called the 1980s hapoened] about 300 dollars without this 1000% increase since 1980 or so.

Most of our american "leaders" lead monkeys are in on it , some are but are too local to realize it's global genocide, and others are just literally stupid people intentionally put in these positions because it's basically a wind up toy on auto in our politics, community leader positions , and corporate , social system kind hearted retards. We us yes. I too.

Also the rent increases in nyc in the 1980s that led the country on an Indian scam of an inflation ride with decrease in pay and decreased quality of life , are illegal and need to be reset for the americans that are still left alive in this country to use their city's. Without a jew or some other Indian or indies person telling them this is all theirs because they are indigenous to 12000 miles away from nyc so somehow this is theirs. And then write you a parking ticket in your monkey patch they will not leave. So this needs to be done 1515 mockingbird . C u later.

Patent Office Corruption

How do I begin to explain patent office corruption globally to a country where the citizens believe

1. Two Patent Offices in a country the size of usa is acceptable.

2. That foreign born people or monkeys can be employed by this type of government agency.

3. That during covid our calls were mostly routed to unpaid adolescents sometimes in the middle of using the toilet[how did this hapoen?]

4. That americans do not understand to get foreign caste system countries personelle out of our partially accepted joint government and military for freedom.

The carnies in my biological family claiming to be european bloodline as they hurt my european relatives continuously are my gateway to this pack of retarded sub government liwlivs. Mostly women.

Out of the hundreds of species of primates on earth can you spot through looks , eye color hair color skin color etc, and mannerisms which ones your made up of ?

Get out of my monkey patch , I want my rocks and stones and metals andvvaluables back .

Look at how your primates are tested on and have their eyeballs ripped out of their heads every day and look at these other people's of more unevolved [less time without their tails] times here with us doing crimes to us daily in conjunction globally , and look at how these Lower life form people reveere their monkeys and primates their from. Livestock live in smaller groups and have social and family structures, they are not a slab of meat, do I need to eat less meat per day to elleviate the slaughter of so many animals daily and focus on grown meats enriched with citric acids and vinegars and basil and stuff , and invest in Jetsons food nutrition pills and , food source nutrition sourcing ;> other than □ live goods sentient. Took the dumb nigfer jews from 1792 until ww2 to figure out where the treasuries were and they occupied swiss government with us, that hiw dumb these cross bred nigger jews are in swiss government since 1792 when they started killing my ancestors there.

The ones that xalk themselves irish and german and italian and are eastern rusdian living in staten island with us are part of the sane group of imbred eastern rusdians in ljubljana slavenia stealing trillions of dolkars in inventions from us. THE CONSTITUTION OF WHATEVER.

Sept.2,2024 New York City

The beauty of the american constitution is that foreigners can change everything in it.

Anything they do not like about America they can correct to turn it into a 4rd world powerless shithole.

Any eastern European scammer , hindi / indian crossbred to look white and these Orientals that don't know I see them.

The possibilities are endless.

Yo could hypothetically pay off judge spero and judge Tse of the norther district of California and change laws by constantly agreeing to scripted cases where both parties are 'in on it'and make enough fake rulings and change statutes.

You can get a political office job and just never show up, like ever with some of these politicians. Seriously.

And they don't even bother to show up in the council meetings. They are all to busy to attend Cspan so I can watch

them pretend to be interested in the proceedings. You don't even have to pretend just say "I wasn't there because those topics were not my concern" how isn't it their fucking concern? They work in the fucking government, then pretend their so fucking busy they can't attend to see first hand what veryone in the fucking court is doing you retarded americans. You have so many governmental tools to use and all your retarded seats are always empty in every governmental decision making political court on television . C span should look most times like a stock market trading floor from the 1980s of representatives fighting for us , not retarded people fickin us, you would think. But thankfully thankfully the usa is such a cattle state that none of that happens. And the foreigners in government in the usa make sure you don't know how to go opperate those empty seats when your representative or congressman is consistently too busy to attend these meetings or too incompotent to run thr office and show up at the courts, lucky for the ones who hate freedom and americans having money for housing and food.

Or you can be a big Hollywood comedian and have all the grandkids and great grandkids laugh at the comedy of the people who slaughtered them and laugh and pay them as they bring in sick pikeys from everywhere and put your daughters into himsn trafficing. Why these jews[indians] keep letting in a lk their tribal cousins and SS cartel cousins from the south and Mexico is also a great option for changing things as we hist the real americans in our foreign owned pridmsins where rape of men and women is promoted by foreign prison owners and a merican indies trimes

If you notice a small model of a boat made reslisticly in a model lake made realistic ly can be made to look real as a boat rocking would by filming it then slowing down the Play speed. 1. Target Corp steals all with other

Caste system foreign corps in north america.

2.

3. Aug.31, 2024 new york city.

4.

5. Has anyone else noticed target and other foreign corporations misplacing items in our lives.

6. It has become the trend for foreign caste system corporations to constantly misplace everything in our lives. From defective products such as pushcarts being designed with the rear trailer type wheel being installed on the front of the cart making it a hazard. It's also illegal for these large corporations to committ these types of crimes on americans because they are unaware of basic mechanical design templates. Another thing these super caste system foreign corps do is take all the EBT Food Stamps money and suck it out the country. They misplace billions of dollars per month which is supposed to go back into local economies not french royalties ang slave traders pockets, another thing misplaced by these foreign owned cast system corporations are our vaults and treasuries they intentionally buy with land purchases and rents in america and then drain them. I wonder if any of these purchases and rents of commercial space in new york city with the big vaults no one knew about were rented and bought after

people in the know were murdered by these same foreigners since the great depression and getting worse by the decade. Other companies commit the same crimes , 711 takes trillions a year back to India, and many other gas and oil stations do the same to hurt Americans for the Caste system. They also make everyone in europe pay them . Do you know when you buy a BMW much of that money gets to India. The Marshall plan makes sure all caste system countries take the money from hard working germans americans europeans and anyone else these gross temple monkeys and orangatan can lie to and murder fir their resources while they 8 times their population globally since they killed everyone in ww2 and the usa is a shithole country in tons of places , it's definitely second world I live in old first world citys in europe from hundreds of years ago to thousands of years ago and besides items like the empire state vuilding , hoover dam , and other items built a long time ago theirs nothing to anything. It's a cardboard , stick movie set country with zero resources and the caste system is responsible with these lowlive jew indians everywhere claiming to be everyone like a few of their bandit imbred looking groups of people do. I think if we still have these ICBM's we all heard of that we should light a bunch off through indian nationalists countries before their iverbirthing and waring kill off any more people . I think we should nuke many parts of south america and central america and mexico where these huge city's and cartels were funded by half breed murdering SS that stole the swiss treasuries in south america and funded all our caste system based problems since the great depression.

7. These people especially the heavy jawline mixed ones always in politics are the same women who murdered jews and tons of europeans in the holocaust during ww1 and ww2. This foreign caste system in North American corporation must be silenced. The food companies misplace our nutrition for ourselves and our kids with chemicals to cause mass distortion in most americans cross genetic lives intentionally causing all types of health issues, besides the money going to our enemies [alm these hindis, indians and neaderthal SS and other caste systems]:; that irish woman next to u may be crossmixed with an African and answer to African primates evolved. This mostly happens with the french and British genetics being stolen to abuse white people with . It's very sick who these retards are beneath the surface with some of them.

8. All through Europe and the usa theirs a pack of yukranian carnies killing everyone and getting into everyone's treasuries. They are indies jews . They all look like carnie zalinski. He's taking the northeast national guard jets and artillery and tanks and blowing them off so we can't defend ourselves from these foreigners . And u listen to the enemy because the faggots are wearing our cops uniforms . Those weapons should be in patriots hand here in the usa along with our money and our metals. And we're not allowed to use our resources only the indian caste system can undermine them.

9. I personally have been getting icq'd by members of the yukranian military here as citizens since 1997 immigrants and refugees inherent in new york city on Staten Island with these fat loser eastern rusdian and indies mixed gypsies military rejects claiming to be everything from italian to German to Irish to whatever they could get away with in the american cattle Ellis island mix. These lowlives are everwhere now like the gypsey bastards we were all warned about. This is a second world country since we lost WW2. And thecwar surplus administration proves it.

Who is Andrea uribe with her swiss french afro indie connections? How do so many of these rusdian yukranian women oncstaten island claim to be european or rusdians? None of them look like kosaks, none of them look like boring the bullet dodger, none of them slightly resemble dolf lungred. Is this the movie twins with these mutated afterbirth yukranian gypsies everwhere with the hodgies and the other whatever tribal , primates mixed people?

.....Could it be?

Hans.gruber@newyorktime.com editorial notes[><]

Do u realize with what these yukranian crissbred lowlife caste system women and other jew indians in government did to me I can't even patent the design for a Circular piece of material with a string around it tmfo dogs to poop on . Then grab string n go . No mess on sidewalk. Can't even patent that after 10 years of coming up with it because if these faggit jews and hodgies in iur governments. Can we start killing these genocidal fucks in the streets yet? Can we declare war on these caste system faggots yet? Do hundreds more of my inventions need to be stolen by these foreigners in our government till we're all killed off and your daughters are all sex slaves and human teafficed to canibals? This is a second world country since the jews and other caste system indusn groups murdered us off since ww1 and ww2 and just before that women started voting to reinstall the monarchtic system where queen rules king like the gimp he became. Letting his monkey get whored out to all these other monkeys. Imagine if we all went to these people's monkey patches and tried humping their monkeys. Do u know what pusdies you white people are to allow this racist genocide and rape on your women? Do you understand globally what faggots you are with all these hot women of your getting pounded willingly and unwillingly by these tribal freaks solely to get our genetics and bank accounts in their unevolved societies . .....

And always Always remember :

Don't forget the tampons.

meditation followup from 2 weeks ago

These scaffolding in new york that are everwhere destroying business and pedestrian traffic are like turrets for the Mexicans to shoot us from after ther start running us over in our plywood rotten street crapoer and truck exhaust rotted resturant booths. Like rats. I heard a bunch of these money scam scaffolding systems that destroy our city were up an additional 4 years + because they cought covid. Maybe it's the filthy mexican they brought into clean up nyc that's been stealing my writingtoo.

After my writing and meditations a few weeks ago I think city officials noticed the scaffolding helping to destroy ntmyc commerce and trade . .

Where's our small cap only merc exchange for the people by the people.

Where our peoples treasuries? Did your local neanderthal pig in American government tell you little baby americans you can't gave treasuries with her boxy bulldyke posterior? And u listened .. . Wow. Now I'm impressed.

Where's our state trust vaults?

Where's our multiple treasuries in every state.

They are in our old homelands that these same jew carnies are in government everwhere committing genocide there too.

el Salvador in nyc

aug. 30 2024 new york city.

has any progress been made in the investigations of the salvadorian women in new york city killing their sfrican husbands reoeatedly for the insurance money. It was aupposedly being investigated however nothing has been heard. Is the insurance company is supposedly in on it <[]<

Big ongoing scam from these women and a Neverending investigation much like the feds committ on me and my patent theft issues from their actions repeatedly.

==========≠==========≠=======≡======≡=====≠======≈≈≈

Every city I go to now that was built by white people is being crushed out by islamists or jews or some other Indian nationalists. They move in, buy up all the residential property's with oil money or cocaine money or some other monetary unit which is built off of the same peoples in eirope and the usa's military they use for all their niggershit instead of clean business wins. After which half of the apartments stay unrented and the owners use the "investment property" excuse of why none of their apartments are rented. While striking any city department any stare department and removing every piece of your peoples history and culture and even going as low as to constantly throw ourmt any type of book to destroy our records and history. The Indians are always destroying our history and records for 8009 years we have gmbeen getting attacked by them that ee know of.

Now with this covifmd scam payout all these foreigners get their residential and commercial remt checks and the white business owners lose everything.

Meditation:

 THE taxes on the farmland on the easy end of long island. Now a bunch of mcmansions . Farmers gone and all these foreigners have the land chopped up as we are forced to buy groceries from Indian nations. And caste system drains on our economy like nigger whole foods. And the Amazon slave trade.

funding caste system enemies of freedom

Hollywood and the foreign royalty

Aug.30,2024 new york city.

Have too many Hollywood celebrity's positions been stolen by foreign royalty members? Did americans do so well with the entertainment industry in Hollywood, new york and the rest of the United states that the glits and glamor of American stardom beats most royalty positions by far if you enjoy action. Are we as americans losing too many of our own stars and celebrity's to people although very talented are not the American kids ? The people here that are from those same royalty gene lines also exhibit a bunch of the same *^ponce de Leon×* that their cousins possess back home which is what brings each to an accelerated life if their drive is in for it. Are we violating our own amercan laws by allowing some of these people in the country? Now in our living rooms on our TV sets there they be. As a federal judge or other places not good for freedom.

MEDITATION:

"Progressive methods to achieve an organized non system film industry. __Corruption prevention bylaws . Minimizing profit by rebuilding environments , cities, reefs, historic sites, seas, human health internal atmosphere, and other formation ideas. How to find one another to begin?"

Where can I get a bronchial lavage.? This smog is killing me.

With abductions and kidnapping on the rise. The human trafficing billboards , signs throughout the usa and warnings and announcements in airports and train stations informing travelers to report signs of human trafficing . The only place I have not noticed this is the long distance bus depots. Where arevallbthe investigations into this?; how hard can this really be to uncover when your government funded? In the stare of florida their is a system for kidnap victims called "amber alerts" this system texts a person's cellphone on an emergency state channel snd gives ingmformation on the victim. Why is this system not installed in every state and immediately informs everyone around the nation of this? Where is a proactive political party to combat these bsstards? Where is sanity? Where are my car keys?

Fashi0n Review

|||||~|||||||Aug 29, 2024 New Y0rk City|||

In the 1990s champion gear clothing and accessories was made with quality. I recently purchased a pair of champion leather High tops , the high top design with the one velcro strap in leather. Now the quality had changed drastically and the pair of shoes made it just over 2 months before they completely fell apart. The souls are hollow now with airpockers and a foam rubber frame that deteriorates quickly , the pleather instead of leather cracks instead of breaks in, the soul tore off and their is a stitching layer too them however this new shit foam that deteriorates quickly that's on everybody's shoes tore and the stitches tore out of the soul of foam shit so they didn't even need the stitching thread to begin with since it's attached to such american scams as the new quality if our clothing. .
And now a company with basicalky the same early 90s manufaturing techniques and a slightly better material sometimes than what champion made called "Supreme" is charging ridiculously high prices for the same products after they destroyed champion american company and many other american companies.

Aug. 29, 2024. Jew York City.

Did u notice everyone on sharktank is some type of crossmixed Indian with mixed or integrated features and polynoses grown together. Except one. The head conehead looking jew, he has the same nose as some of the indies dark dark indians with the strait long noses you can see in concentration camp guard photos even online. Could it be these scumbags that jew americans over and over out of house and home are related to the SS in south america where the swiss treasuries are or were located. Along with mines of museum quality and preservation rights in Antarctica the indians globally tore up after Einstein the indian robbed the swiss patent office??/ . c0u|d it be??

  Could it be this mega jew on sharktank has his source of jew power as the cartels that were started by the SS and the Panama canal these scumfucks stole from us. Along with everything in our treasuries, patent offices and all other bank trust reserves were turned over to foreigners by j Edgar hoover and the royal □ plants. MORE OCCULTE CRIMES FROM THE US GOVERNMENT

aug. 28 2024. New york city

Can not find a lawyer to help with the Occult crimes from the usa government and all the jews and nigger women committing crimes on me from inside the US government.

This country is such a pack of jew nigger caste system scumbags . I can believe I wasted another 4 months of my life in this nigger country and had them sabotage me getting money to the world intellectual property office. Again these niggers and jews in the usa government sabotaged another group of patents of mine. I hate this country I hate these racist genocidal jews and niggers. How thr fuck are sickos like this allowed in government. Now they caused me to lose 10 patents in 8 years as the government agents that comott crimes on me with the colombo crime family steal more patents and do more genocide to us. I am trying to get asylum for a decade from the usa and the racist niggers and jews in the government here and not one of the 8 country's in europe I went to was legally allowed to offer me asylum from these jew niggers in government because I'm white. By law they can not assist me in recovering from decades of occult crimes committed on me by these racist niggers and jews in government.

I can't believe this government stopped my money wires without explanation to wipo patent office in Switzerland again and destroyed another power generator patent on me. And all these niggers and jews in government keep stealing from me personally while they keep me homeless and kripple without medical help. And stealing patentvagter patent using me as a slave so retarded nigger jews like Elon musk and Jeff bests can understand theirs more solar energy by the sun and uproot their entire retarded Mars program to inside earth's orbit. These faggots from foreign countries are using an ex patriot as a slave. I was a patriot till u let all these women vote and turn this country into a indian whore house and slave trade nigger field again. You americans are the biggest pack of faghots u ever met. This is such a jew nigger government that allows so many racist crimes and a jihadist attack coverup by government workers to an american that now the guy born in the city that freed you ingrate nigger jew fucks , had now turned into a complete racist from all you nigger jew hodgies committing genocide on us from inside the government. You filthy jew nigger spiks.

6000 years 0f Indian attacks

Indians g0 H0me,

Aug. 28 2024, New york city.

The mafias that started and protected this country have been attacked and killed off ? leaving only henchmen for the foreign royalties? . The groups of outlanders that hates when our plumbers make more money than their royalty up until ww2. ? How did a bunch of bandit groups from around the world band together and start sending our money in usa around the world ? Was it through reputable cchanels ? causing the British and french governments to attack the rest of white europe. Murder and deceit? Holocaust after holocaust ?
What is the white population in Spain? Feance? Italy? The genocide that takes place by the bandito criminal villagers banned together with the sand nigger french royalty ? Is that how?
How is this country filled with such niggers and jews in government. It funds so much genocide globally.
These little platinum bleached hair nigger jews kill so many people for land and money globally since ww1. These indians are fucking terrible people. So many of the jews I speak about are sand niggers. I have personal experience in 8 european countries trying to claim asylum from the usa from decades of occult crimes by this nigger jew government. But theirs soooo many nigger jews in European government now committing genocide on white people it's insane. And no one in the USA gives a shit because everyone here is half Indian and in on it with these jihadist cousins of theirs. By law not one whit country in europe can help a white American with asylum from the

USA or any other whit European country to white European country. So when someone like me is being persecuted by these genocidal jew women and other caste system unevolved kunts in government for trillions of dollars in revenue from hundreds of inventions these cumts stole for their religious caste systems and whore jew nigger greed. I have Bern trying for 10 years to find a place to take asylum from the usa and so far I can't find any that arelegaly allowed to help a white person. All help in these countries in Europe and the usa goes to jews and other indians and their all caste system faggots in the government . How do so many of these nigger jew kunts and faggots do so many crimes to us citizens and they are not dead yet and dumped over India and the rest of the bandito criminal retard countries these idiots started. Jew is a caste system, hindi is a caste system, Christianity is now a caste system get the indians out of our countries. 6000 years of us being attacked by Indians. Get them out of our countries.
8 countrys in 10 years and no one in europe is allowed to give me asylum because I'm white. And it's all hodgies and sand niggers and persians with bleached hair to look white in these government groups with foreign old royalties that hate hmwhite people since their cemrossbred asses destroyed rome and let in Hannibal and a bunch of losers that only had police to fight with .
If I had gotten to europe 20 years earlier 1997 I would have had a job in 3 days from white people. Now from all the advanced genocide fueled by oil after 10 years of sleeping on the streets and 8 country's later these jews and hindis and ither indians keep trying to have me in their caste system slavery by constantly refusing me government education or assistance for over a decade from spinal injuries and financial injuries. However due to all these retarded indian Americans jews inclusive , and their genocidal cousins the sand niggers. It seems they war and war and war but we always lose as whit people. I was in a bunch of fights through the social systemdefending old European people on the food lines with the savage sand niggers. They are always abusive to our older European people until they are dead. These sand niggers and jews are all Indians. They gave Bern killing us in Switzerland since 1792 and stealing all of europes money since the fall of Rome. Most of these white ish chics in america in my family are african a few generations ago or hindi a few generations ago. Who are all these little jews in Italy? When did the carnies from Israel show up. ? Why can no one understand these jews are the same caste system as the Hindus and Islam's. This is Jihad over a few decades maybe take a centur

How did a bunch of bandit groups from around the world band together and start sending our money in usa around the world ? Was it through reputable cchanels ? causing the British and french governments to attack the rest of white europe. Murder and deceit? Holocaust after holocaust ?

What is the white population in Spain? Feance? Italy? The genocide that takes place by the bandito criminal villagers banned together with the sand nigger french royalty ? Is that how?

How is this country filled with such niggers and jews in government. It funds so much genocide globally.

These little platinum bleached hair nigger jews kill so many people for land and money globally since ww1. These indians are fucking terrible people. So many of the jews I speak about are sand niggers. I have personal experience in 8 european countries trying to claim asylum from the usa from decades of occult crimes by this nigger jew government. But theirs soooo many nigger jews in European government now committing genocide on white people it's insane. And no one in the USA gives a shit because everyone here is half Indian and in on it with these jihadist cousins of theirs. How are the Wacko police in Border-town , in the middle of slave trade àlley , always involved in mass killings somehow.? How does the old child's family fit into this? R they Rothschild,? What is Dell airport? What happened to the lists on Wikipedia of the 170 airports sold off by the war surplus administration directly after ww2? Why would they sell these airports? Many domestic , to foreigners ,? These same airports are the cocaine heroin and hooker , slave trade airports used since then by the redcoat cia and the neanderjews SS that killed everyone and set up the holocaust to confuse everyone on the way out.

These people are in such positions as Hollywood, federal judges Cannon example of one, social systems immigration, departments and even city and state planning and building department board members to ensure oil money is always given to the caste system of America's enemies. How does wacko police? Nashville glass towers and Memphis slave trade look w massive pyramid [african gods] Pharoah style. What A Pack 0f Fuckin pUSSIES u Americans are,

with a|| y0ur dumbb fuck guns!

New york city , Aug. 25,2024

It's apparent that the federal government Working with the NYPD is assisting in coverup of all these crimes and theft of trillions of dollars a quarter in profits and paychecks from just my communities in the northeast USA and through out the usa and other freedom countries. Instead we have what seems to be the same aristocracies , monarchies , impierialismatic and overall caste system members including now tribal communities whom were banned from this country and even trade with countries that traded with these nations was prohibited. Now they are in our federal judiciary and other departments of our governments and life right down to the local PTA. Do u realize these women in our schools we grew up in are part of this same indies genocide and Jihad groups for eons against freedom societies and thinkers. How does no one check which families these education grant foreigners are from and verify these are in fact people who somehow still need help from their caste system overlords where slavery is ingrained in their belief systems , religion and is practiced mainstream without argument in many parts of the world especially in lands with less evolved men, whose time as a civilization is much more limited. Using all types of terrible techniques on more educated societies right down to mainstream killing europeans in their own catacombs on their own land. HOW do we know who these kids are getting our tax dollars? Who are these foreigners taking smerican kids grants to hurt freedom more? Where are those violent soccer dads when you need them ? Where are all the books and records? These people destroy everything then say they created it . That's part of genocide. Removing historic records, music, programing codes , art styles, patents, library books etc anything to say they understand more than us, even about our own arts and crafts then them by using tactics such as, holding european artist communities and even the beauxe artes in france hostage and rape and violence and political payoffs. Very bad retarded people. Like monkey dog brains with our women. Very violent genocide, many homosexuality issues and violence to men and women from it being root . Very bad retarded people. Monkey dog brain.

How many crimes do these foreigners get away with doing to us here in the USA. Hundreds of valuable inventions were stolen from me alone and our industry in new york city. 15 years of moving from violence and assaults and always directed to some hindi in federal government on our land somewhere when I report these scumbags. And never a returned telephone call from over 509 lawyers. Plus a jihadist attack coverup by caste system members and royalty families working in our government offices and Social systems. Very bad people. Do you know by law no eu country can help another citizen of a white country. You can only get aid if your with the indies genocide program or the hindi slave traders. I wonder if the mechanics are in it with these yukranians that are swindling me and defrauding the usa from eastern europe. Is this the same group of people from yukraine stalking us for 80 years ? They look like the same group in slovenia that's robbing us from there. In ljubljanas suburbs with other SS. Say they are victims then rob everyone over and over and genocide neighborhoods, over n over same modus operandi around the world. Have you compared holocaust victim photos and female holocaust guard photos to see who's sitting at your local diner table? Tons of ss around the jews in america now. Some are mixed with Colombian, Dominican, Brazilian, look whitish and S.S. very bad people. Easter russians on the run from having their heads put on sticks from modern day citizens. Big wide odd looking features now crossmixed.

Two Patent Offices and 400

Million American Suckers>

August 22, 2024 New York City.

I found working with the US patent office was very difficult. Instead of it being filled with Americans there to help other americans write their patents, it was instead loaded with issues and unacountability by law , against Americans in our home country of the USA. It seems as if all the foreign born employees and other slick caste system members organized against the freedom people in the USA and its patent office and hold us hostage with super high prices on all stolen licensing and licensing by these indies people murders with the other caste systems globally. The patent office needs to be closed down and patents need to be removed from law its become so corrupt. They tell us by all these illegals that we can not work like in Germany before the indians and American came in and slaughtered the German farmers in ww2 . With the same death choke hold food cost inflation to weaken everyone physically mentally and emotionally.

Patent office corruption. Old patents reduxWithholding,

Belize and the drug trafficing Belgium.

Aug. 18 2024, Belize to Bruxells .

Could it be the drug trade capital of the world [Belgium] is hosting the cockroach people from Belize due to the slave trade , sex trade and drug trafficing their whore mother permits through that mud shithole called belize. Is it possible this group of bandito , tax evading lowlives from the indies origin who showed up during the dutch / belgian slave trade are now realigned with their old dirtbag crew of quasi persian belize lowlife slave traders and drug dealers. These people are knows for killing white women and slavery and sex trade. Could it be they are pimping their own kids to the nordic royalty and trafficing merchandise from drugs to weapons to white women that get abducted everywhere in the America's through belizes mud shitholes and underground tunnel system. Is that why Belgium is giving these half canibal white women murdering a free pass9for tons of these belize people. Is the king of Belgium another jew Indian from the indies in disguise? How does a Supposed good or even ok King let millions of Indians into Belgium and pay all their way with our peoples lives? is that why these so called royalties are always pumping our white countries with the biggest scumbags they can find in the indian world . Is it because the jews are indians too and hate us like all the other Indians do? How come when these Indies scumbags come into our country they always do financial crimes to us and when in government the prices on everything 10xs almost instantly, even food costs are too much when the jews show up. Soon americans are going to look like the skinny euros if these jews keep getting their way and starving us with all these other indies nationalists in the usa and europe. Since the USA and Switzerland lost WW2 after Einstein robbed the patent office we have never had progress in the usa or Europe. It's always freedom people losing more to indies nationalists. Even the jews , some of the nicer indians do so many crimes to us daily its insane. Did you notice the guy from sharktank who's always trunk hard to fuck americans and non caste system people look like some of the dark indies people from the SS and holocaust guards from the outlands. Why when we get fucked do we now call it getting "jewed" . I can't believe my grandfather stormed Normandy first wave to protect the jew french redcoats and jew British redcoats right between Paris and London and then another jew a belize guy killed my aunt , his daughter only a few decades later in nyc. Where the sick belize poc faced faggots are knows for hurting and killing our white non caste system American women in hopes of one of us fucking their faggot asses from lack of women in society. What primate are these Persian looking strait haired gook spics from? Could it be? How do we deal with the indies jew kings in europe when they constantly bring in afro indies caste system scumbags all over western Europe to hurt our freedom people. Wasn't these Roy's ended around WW2? How the fuck is these kingdoms in Netherlands 19 kings, the kingdom of Belgium and the other northern kingdoms allowed to function again? Are these new jews in our old castles from a very primitive time. Having kings and retarded unevolved races mix with us I'm the usa and europe is high illegal. To remove lesser evolved civilizations over the past 200 years and put them in our clothing over and over and have them cross breed with more evolved people is highly illegal. It's a loss to us having people that never invented the wheel all over Columbia University as swiss ger.ans like myself are homeless from all the jew indians in our country our government and intermixed in our families. It is very illegal what these lesser evolved races do to the more evolved races. Why is it all the Africans , euros , indies and Orientals whose groups of people that have Bern here longer forced to give up their educations and houses and lives to lesser people of our 4 races. Is it fair that 9the Saudis lose out to some race of tribal people or the germans and their advanced physics have to sit there and hand feed supposed physicists all day long so they can keep up in common sense for our societies. How do we lose all our education to drug dealing violent societies who o ly learn our system to tear it down. How many more of the jew indians get to destroy our freedom with their double triangle , double caste system indies nigger shit in our people old castles. Shouldn't the old castles be homeless shelter and low cost hotels for the white European families to come visit and nit squats for Indies jew scumbags calling themselves royalties in our old museum like castles. This is why white people can't mix with anyone, we're too much older than these other races and our castles seem to be appealing only to the kids until they hit the age of reason. I am so tired of these ridiculous unevolved , emotionally stunted primates in our clothing on all our land for 6000 years since Troy and Athens and Rome. When so these fucking jew I dians get off our land? It's Bern 6000 years of these cumguzzlers here and in Europe attacking white freedom people. Why doesn't my jew nig*er mother take all her people and the rest of the emotionally retarded bunch and leave? Or kill themselves like the rest of the unevolved ingrates that we have to host every fucking day. Instate how ? Not even a fucking wheel in most of these people's societies and now they have Playstation s and lambos. Plumbing and electricity, police, fireman, buildings to inhabit. Ingratitude should go live in the woods and not come back to city's. So how again is it belize people have an open door to Belgium ? How many sex slaves do they deliver to the rich ? Does anyone in slave trade alley aka the United states , want to go bust up slave mines in belize with me ? The government refuses to investigate these slave rings from the royalties to their pikeys in the America's.

Zalinski and his nuclear eradiation terrorism

August 18 2024, kursk russia .

This is very disturbing that the indies scumbag zalinski is not only having white russiand and white Europeans killed on European land again. BUT NOW he stormed kursk. Will he blow the nuclear facility to hurt us european people more with indies terrorism. Will the fallout reach all across east and west Europe with the wind? Could it be he is going g to eradiate water with the nuclear rods and spray it everywhere with crop dusters. How do these

dirtbag indians keep starting war in europe? How is his aunt in the US federal reserve writing him checks for 61 billion dollars a clip. Is he somehow related to indies Sean Penn and his slave trade from Haiti with the Indian Haitians that are green skinned foreheads? How will genocidal zalinski use the nuclear radiation in kursk power plant to hurt all us european and American european people for the Indian nation? It's Bern 6000 years of these lowlife Indians invading Europe and committing genocide on white people when does this end? How do you people cheer this genocidal scumbag ?

The brooks bountain range in northern alaska has 75 rivers that turned from bleu to mud brown over the past year. scientist say its from permafrost meting at the anchorage alaska geological society. The Ukranians that have been living in our neiighborhood since the early 1900's, the russian SS looking ones that tell us their Irish, or Italian, or german. Is it these same lying whores in our government that ship money to their relatives in the caste system? the ones with all our old castles in europe? and eu est. aare these same little meaty neaderthal women like my biological n*gger Jew mother and father involved with the other rock face whores from the eaaastern rocks. do they vacation at lake bled with our relatives while they chop us up in caane fields and put us in slave mines and factories.

SEPTIC TANK DIVE IN PARIS

aug 15 2024 new y0rk city

PARIS FRANCCE [)|YMPIC

Indians arrive and theirs shit all in our streets, now Olympians get to dive in it, maybe next they will start unloading septic trucks on our women waiting on bus stops, that would be so great of them. More to do with afro indie shit everywhere in our society. Maybe mayor Adam's will send a filthy mexican woman to help clean it up .

diving in French afro indie sewage. Great Olympics coverage. How many manslaughter and attempted murder charges can the french af___?ro India caste system in the Olympic committee rack up ? I personally drank wine on many nights on the paved banks of the scene river . Everybody knows you do not go into the sienie. Everything one of our friends would fall into the seine river or however u spel it. The paramedics would by law have to take the person to the hospital and administer antibiotic and other injectable. The ridiculous hazard that looks to be very obvious since everyone in Frccccance knows " you don't go in that sewage shit stream ever" in Paris or close by. Is this part of their big n*ger plan ? To abuse every white person and our traditions and holy land [europe u fucking retards] . Is this why the french hate us since ww2? Because their all sand n*gers and not Arabs? Where have all my Arab friends gone? Who are you illustrious sand n*gers and hodgies. Always with the feces these groups of indies.

I think the marines should show up and question these illustrious scumbags. I feel as if our women questioning these monkey brains doesn't work so well.

A little off topic, who had the fanciest dive into the septic pool anyway?

Welcome to the future !

I began my interest in politics and human rights due t0 the events that took place through my , here is a list of crimes and coverups by the DOJ aand DOS and many more foreignn runn oculte federal and state programs.

Here is a rough draft of a timeline of reports to law enforcement in multiple nations while being terrorized by members of the caste system. Theirs more than whats written, more incidents more police reports more sabotage by the caste system Eurasian
Neanderjews , undercover Hindis, and french Parisian AfroIndie Castesystem. All now occupying space presently in plases like Miami, Los Angeles, New York City, Milano, Switzerland,Paris France,Amsterdam,Barcelona, LjubLjana SL, Lyon
FR,Berkeley, Graz Austria, Wolfsberg Austria and every suburb in europe , every grotto every county. to name a few places ive traced our money being stolen by these caste system indians and other aristocracies monarchies and rulerships globally.
We only have 12 treasuries in the usa. 200 billion dollars = 2 weeks keeping country moving , no bylaws for any of our political parties to abide by.

EXT. ROOFTOP -NIGHT- OHM CITY – MOON and GARGOYLE in shot.

[Jim standing arms crossed holding his elbows staring off over the rooftops horizon of Ohm’s skyline behind ,glow of electric burn-off unit and roof top sign creeping in from just off camera]

Internal monologue;

How am i supposed to rob the bank vaults throughout all the state banks and first trust vaults when they are lying empty and open in American city’s throughout this country displayed open in converted department store displays ,storefronts and other establishments i frequent.

Where the fuck is all the platinum and geodes? Why are all the crates of art in the Vatican and the Louvre missing or empty?

Why did McDonald's stop delivering?

Does your buildings outside paneling move to reflect sunlught into lake to warm it?

Mine most certanly does elon darling. .

Wristwatch lights up and begins vibrating, Molly is seen on the small holographic screen.

Molly: Its time for your meeting with Tito.

Jim nods his head. Black out.

INT. Jim’s Apartment – Night

Jim walks in to find Florian getting dressed.

Florian: I took Molly’s advice and grabbed a bath.

Jim: You ready?

Florian: Looks up at Jim from the chair hes seated in strapping his boots on.

“lets roll”

Jim and Florian head over to the dirigible and get in.

INT. 2 passenger dirigible – Inside Jim’s Apartment

Jim Fires up the machine. Lights activate, screens activate, center console is illuminated with soft irridescent glows off of the white high gloss molded interior of the small airship as screen comes on molly is there in a flight suit. Ionic thrusters activate as Jim Grasps the flight controls and as he squeezes the handles the garage begins to retract around them and the mini luxury dirigible. The floor retracts under them as the walls and ceiling mechanicaly retract back towards the apartment the inner workings can be seen. The floor of the garage folds up and the raised portion creates ann outer wall comes up and seals the area between the apartment and the outside. They are 1800 feet above ground level floating on a pillow of Heated gasses with ionic thruster assistance. The thrusters can be seen as linear strips around the periferal of the vehicle and are stacked upon each other in the rear of the vehicle, the thrusters on either side of the split cell dirigible are for forward motion.

Jim hits the accelerat

Cut to periferl wide angle shot of the dirigible turning towards camera and flying and the three fly off as seen from an exterior wide angle shot.

INT- Dirigible – flying between buildings , scenes in background of upper levels lighted up.

Florian: No time like the present,

Jim: Whats that mean?

Florian: I got a call while you were up on the rooftop.

Jim: Oh yea, what about?

Florian: Smiles modestly. What about. , about what tito is expecting.

Jim: Yeah. He wants half.

Florian: I told him we would speak later. He wants half because your buddy James got involved.

Jim: James? The stock broker? My friend James?

JIM turns abruptly strait down as he depressurizes the air cells and heat and fire blow out of the pressure valves. Florian holds his seat slightly

Florian: Ii knew you would love that one.

End Scene.

15 minutes later

INT. TITO’S SPORT ARENA- Far side of ohm- Night

Shot of Jim and Florian entering the restaurant. Women are scantily clad in cocktail outfits. James and his crew are at a large table with Tito and a few of his associates. James notices Jim and Florian above the loud party that is happening att the steak house.

James: There they are! He yells in his burly trading floor voice that booms without the aid of a speaker system.

Jim and Florian continue their walk over to the table situated in front of the floor to ceiling windows overlooking the race course.

James: Ii knew it,,, I knew you two would be happy to see me here.

Didn’t I tell yaa Kristie!! they’re happy to see us.

Kristie chuckles at James’s amazing perception of reality, and runs up and hugs Jim and kisses Florian on the cheek.

Tito: (smiling at Jim and Florian) : Ii told you I had other interests and partners. Heres one of them I do business with from time to time.

James yells to the cocktail waitress to bring 2 more bottles of champaign.

James: Did you really think this deal was going down without me?

City of Ohm,

Rooftop industrial apartment of a rich sicko. Mostly machine parts , elevator equipment , and other industrial parts of the antenna array module resting atop the skyscraper high above the superstructure city.

Night. Interior industrial penthouse for sickos.

The walls are form released concrete in light Grey's and light coming through the industrial skyscraper vents and antennas is reflecting blue intermittently between shadows of blackness . The halls and passageways in this sicko penthouse are not your average dimensions and the owner retains a socio minimalist furniture collection being a child's mattress on the floor , chains attached to various metal parts by welding and various types of shackles can be see on a meter high ventilator duct that is used as a sicko shelving system. Their is also located in the cozy nook adjacent to the built in shelving system what seems to be some type of stainless steel laboratory equipment housing turned upside down on the floor contains what seems to be water, unsure of the use if for drinking or other sicko recreational activity.

The one small white torn socio sheet on the child's sized mattress in the cozy nook is arranged as if it was held and squeezed as it was pulled one last time and then left with the crumpled part and the other fanned out on both ends.

As if during killing.

The light grey walls have bright red stencils paint signs sprayed for mechanical instructions for workers , with bright red writing.

One of the last guests blonde short wig or is that her scalped hair from her head with blood dried is located on top of the pipes by the floor drain. Very bad people.

The sicko penthouse smells of acids and decomposition of flesh, the fluids and parts will be flushed when homogenized.

|00k 0f dried b|00d 0n sheet in finger c|aw marks,

The electromechanical smells mix with Theodores friends and work awaken the olfactory responses between the fresh air blown through the mechanical penthouse.

Actor walks up metal industrial antenna stairs to a higher level in his sicko garden. This loft style industrial space features metal loops embedded into the concrete and weather worn wall, the corner by the exterior doubles as a place tmfor its owner to piss and ejaculate, and has a Walkman.

The light azure reflection is greyed and silvered by the rooftop metals and antenna coloring before it reaches the interior space. A large red waterpipe for deluge runs horizontal 3 feet or so above the wall .

Trump and the wall

And then he started wailing on the wall.

So I told him "I'm not killing people for money I'm not a jew".

Jupiter, the God of Gods

"Upon the throne of endless might,
Where lightning's spark ignites the night,
Jupiter, the ruler grand,
Holds the heavens in his hand.

With eyes that pierce through time and space,
He reigns above the regal grace,
His thunder roars, the skies obey,
The king of gods, the light of day.

Beneath his gaze, the world aligns,
In harmony, his power shines,
A symbol of eternal reign,
In tempest's heart, in sun's bright gain.

From lofty heights, he guards the skies,
With wisdom vast, with watchful eyes,
Jupiter, the god of gods,
The universe his grand applause
